NBSC PD Program

Welcome to the first month of the
Performance Development Program!

Keeping in line with Skate Ontario's
season planning, the main theme for
October is **SKILLS DEVELOPMENT**. These
sessions focus on technical
fundamentals and quality skill
development. This will also include a
special session geared towards the
introduction of a new skill!

Additionally, we will be executing our
very first **CHALLENGE**, which will run for
4-6 weeks.

October schedule, group placements,
zoom links and any additional
information will be sent out this
weekend to those that are registered.

The Coaches can't wait to see everyone
registered (virtually) on Wednesday,
October 14th, 2020.
